Get the financial advice you need with **Iustus BlueStar**

We're committed to helping you reach your financial goals – whether you're planning for retirement, saving for a holiday, securing your child's future, or building your business.

Consulting an accredited financial adviser is essential to help you with some of the most important financial

decisions of your life – and at Iustus BlueStar, we offer you holistic advice to help you reach your financial goals, achieve sustainable wealth and gain peace of mind.

But what is it that sets a BlueStar business like ours apart?

A range of **financial expertise** under one roof

At lustus BlueStar, you'll draw on the expertise of a team of financial specialists who can offer you personalised advice and a wide range of financial solutions – from financial planning and insurance to investment advice and retirement planning. We also offer short-term insurance with our partners MiWay and Santam. And if any of your financial needs can't be addressed by one of our advisers, we'll source an expert for you.

Continuity and **peace of mind**

As an lustus BlueStar client, you'll be building a relationship with our team of financial advisers, rather than with a single adviser. And this means that you'll always deal with someone who understands your financial situation and goals and knows your long-term financial plan. This continuity, along with the knowledge that the financial advice we provide is backed by Sanlam, means you can rest assured that your finances are always in good hands.

Our **commitment to you**

We deliver a consistent, professional service that is valued by you, our clients and tailor-made to suit your personal needs.

We have a consistent history of success, which has been achieved through our knowledge of markets, products and companies. It is our unyielding belief that a personal, caring and committed relationship with our clients is the key to our true success.

A dedicated team focused on your needs.

We are a professional and dedicated team with over 6 decades' experience in financial services. We are equipped with the necessary insight to address all your financial needs and to present sustainable solutions tailored to your personal needs. With us you do business with a team and not an individual.

We offer you an exceptional service and analysis process.

As one of our valued clients, we commit to working with you to determine how we can enhance your financial situation and to implement a number of practical initiatives to drive your finances successfully into the future.
