

Confidence Rule 55:

YOU DON'T HAVE TO BE A FINANCIAL EXPERT. YOU JUST HAVE TO PARTNER WITH ONE.

It's not always easy making financial decisions on your own. With a Sanlam financial planner, you're with someone who wants what you want. Our accredited advisers can give you expert advice, and help you shape a financial plan that can help you achieve your goals, so that you can live with confidence knowing you're on track to a better financial future.

I can help you with:

- Financial planning
- Life cover
- Disability cover
- Savings and investments
- Retirement planning
- Saving for education

As your appointed Sanlam financial planner, I invite you to contact me and let's talk about how I can help you achieve financial confidence.

Lucien Manuel

Financial Planner
