Get the financial advice you need with **Komatiland BlueStar**

We're committed to helping you reach your financial goals – whether you're planning for retirement, saving for a holiday, securing your child's future, or building your business.

Consulting an accredited financial adviser is essential to help you with some of the most important financial

decisions of your life – and at Komatiland BlueStar, we offer you holistic advice to help you reach your financial goals, achieve sustainable wealth and gain peace of mind.

But what is it that sets a BlueStar business like ours apart?

A range of **financial expertise** under one roof

At Komatiland BlueStar, you'll draw on the expertise of a team of financial specialists who can offer you personalised advice and a wide range of financial solutions – from financial planning and insurance to investment advice and retirement planning. We also offer short-term insurance with our partners MiWay and Santam. And if any of your financial needs can't be addressed by one of our advisers, we'll source an expert for you.

Continuity and **peace of mind**

As a Komatiland BlueStar client, you'll be building a relationship with our team of financial advisers, rather than with a single adviser. And this means that you'll always deal with someone who understands your financial situation and goals and knows your long-term financial plan. This continuity, along with the knowledge that the financial advice we provide is backed by Sanlam, means you can rest assured that your finances are always in good hands.

Our **commitment to you**

Komatiland Bluestar believes in building a long-term relationship with our clients to ensure the sustainability of the financial plans we have developed with them. We believe in spending time with you to understand the role of your existing policies and investments in terms of your needs and circumstances. This is matched with a unique and individually researched solution, providing you with a “roadmap” to financial security.

Building a relationship with us gives you access to our team of qualified advisers specialising in individual aspects of the financial services arena, backed by reliable administrative processes and support staff. You will receive the personal attention we know is so important in discussing and planning your financial future.
